Brrr-cky/Becky/Mario- Firstly, I hope you had a good (Insert Holiday)! And secondly, why has the site been so slow to add our posts? I tried to post something a few days ago, in the early morning, and it didn't come

in until the next day! I also still can't read *The Hive Queen*, cause the mailmen enjoy slacking on the job or something (Just kidding! I'm sorry to any mailmen out there.) I'm having to treat the forums like a minefeild to avoid any spoilers for the book, and it's driving me **Bannanas!**

Hear yea hear yea, it's the first news of twenty-nineteen!

[Announcement]

I hope you all had a great holiday season last month, a very merry Christmas, an exciting Wings of Fire book launch, and a happy new year! I hope you've enjoyed reading The Hive Queen thus far, and I'm sure many of you have finished it. Let's keep this Town Square free of spoilers for the next weeks or so to give most people a chance to get through it. If I recommend a thread that has spoiler/theories I'll mark it as such.

[Question Corner]

@Glamour You made your account on 10/12/18

@Silver if I woke up as a pink ukelele I'd be fine with it

@Cora You made your account on 8/19/18.

@Paradise I see your post in the thread! (My "Project Updates" one, right?) Sometimes after you submit a post you get that message, but the post did go through. I get it too when I make a new post. As for your question in that thread, I can say it's not a Wings of Fire game but as a WoF fan there are things in it to be excited for. If I say anymore than that I'll get in trouble with the Powers That Be.

@Fallon I had a lovely holiday, thank you! There was one moment that really reminded me of all of you - where I was staying for a few days was on a small mountain that had some hiking trails. Someone mentioned that they set up cameras to see what nocturnal animals wander around the trails at night, and apparently there are a ton of feral cats on the mountain! Just imagining them exporing this mountain at night once all the twolegs had gone to sleep made me think of Warriors and your RPs.

@Astra I think it should have come through now!

@Andromeda @Ishmael .....for some *weird reason* I feel suspicious buuut it's probably nothing

@Figment wow your account was made 7/6/16!

@Scientist Thank you! My [insert holiday] was great! Looking at all the MBs it seems like folks were seeing a slowdown on the 5th. There were some alterations made to the way we filter posts and I'm thinking that when the changes were made it slowed things down, but they should be better now. Please let me know if you still feel like more posts aren't coming though than usual!

[Forum Prompts]

What are your OCs (original characters) new year's resolutions?

You are a dragon in a world very much like our current, real one. Dragons usually have avoided humans and know that most humans don't think they exist. Because of this, they've never bothered learning how to read human writing, but you're curious and taught yourself. You read some myths about dragons and realize so much of dragon society has been misunderstood. Myths about dragons kidnapping people? Hoarding mountains of gold? Terrorizing villages? Often misunderstandings or exaggerations. You decide to publish some books telling **real stories** of dragonkind under a very human-sounding pseudonym. What do you write?

[Warnings]

Seems like things were generally pretty good while I was away! Looking at an overview of many posts that were filtered over the 2 weeks, I'd say too much violence/gory imagery was often the cause of them being filtered. Especially references to violence with guns or bullets. To explain what I mean by "gory imagery", something that describes an injury or wound in a very detailed, graphic way will most likely be filtered out.

There was one user I banned for posting inappropriate questions, thank you to those who reported them.

@Pluto: shipping or asking other forumers if they like you is not appropriate content for the forums. I deleted your post about this. You can refer to here for more details about this rule: /343595

(GGaD)

Brine's resolutions, would probably to keep hunting down wrong doers. Samuel's would be to better his art skills. Cucumber's would be to kill a lot of mortals to be honest! Exitium's most likely would be to do as he was made to; destroy the universe. Schepping would probably want to break away at Exitium's hard outer shell so that he gives up on his plans.

(RHS)
Ukwesaba's is most definitely to get alive again, and maybe make some more friends.

(AoB)
Thanatos' would be to continue his bad rep. Mors' would be to eat as many eyes as possible.

(CC)
Sans' is most definitely to continue to invent, and maybe stop the resent rebellions.

Hear yea hear yea, it's the news!!

[Announcement]

The filter has been extra slow hasn't it? Will try to find out what's going on.

[Question Corner]

@Shell Your account is an oldie! 4-10-2015 is when it was made.

@Violin This one was created 10-6-2015

@Twilight You created this on 12-10-2016

@Atlas Afraid that sharing other accounts created on an email or IP address is one thing I can't do!

@Forest I haven't seen Mary Poppins in so long! Maybe I'd be the uncle that floats up into the air when he laughs. That would be a lot of fun to play, I'd get to laugh a lot :D Good luck with the auditions!

@Sorrel I see it. It looks like it was approved, but then after being available on the forums it got re-sent through the filter and removed. I saw this happen once before in the 39 Clues MB I believe, and it's what happened to my previous two Town Squares. It's a super weird glitch and we haven't had much luck figuring out why it happens, but seeing as this is only the 4th instance of it I'm aware of it's very rare. I'd try re-posting it.

@Twilight I have not! What's it about?

@Oncilla I think it's fine! I like the time stamp experiment folks also seem to be doing sometimes.

@Night As was I! Welcome back!
